

# Ready, Safe, Go!

**WE'VE MADE IT** and after months of preparations we are now finally **Ready** to welcome you back to The Art of Dentistry and **Safely** resume caring for your dental needs. So, let's **Go!**

Here's what we have done to get ready for you:

1. **MERV 16 HEPA Filters and anti-viral Ultraviolet Lights** incorporated into the ducting of our three brand-new Air-Conditioning units so the air in our office will be sanitized over 50 times/hr.
2. **Glass Dividers** added between treatment rooms to control the spread of aerosols.
3. **High Speed Suction** added to every Hygiene treatment room and special intra-oral and extra-oral evacuation instruments have been added to the hygienists' tool kit.
4. **Sneeze Guards** have been added to the front desk.
5. **Safer Personal Protective Equipment (PPE)** will be used by our clinical team.
6. The lobby has been transformed into a **screening area** to allow two patients to be simultaneously screened at a proper social distance.
7. Our team has been intensively trained for **new sterilization and cleaning protocols**, including fogging our clinical areas with a disinfectant mist.
8. Additional **hand hygiene stations** have been created throughout the office.
9. A **well-choreographed plan** has been developed to have our patients and our team move through the office in a socially distanced fashion.
10. **Carpets in clinical areas replaced** with more easily cleansed hard surface flooring.

While closed, we were hard at work reinventing our practice to remain at the pinnacle of dental care in San Diego while assure your safety. We will see fewer patients per day and one patient at a time. Still, we are the same team that you have come to appreciate, newly energized to provide health, comfort, and safety in the era of Covid-19. *We are excited to see you very soon!*

Lawrence Addleson,  
DDS, FAACD

David Landau,  
DDS, AAACD

The Art  
of Dentistry  
*there is a difference*

**DR. LARRY ADDLESON** is one of fewer than 79 dentists in the world to have completed the challenging requirements to earn the highly respected title "Accredited Fellow" of the American Academy of Cosmetic Dentistry (AACD).

**DR. DAVID LANDAU** is one of only 466 dental professionals in the world who has earned the distinguished credential of Accredited Member of the American Academy of Cosmetic Dentistry (AACD).
